

New NHS App

If you're a patient at our practice you can now use the new NHS App, a simple and secure way to access a range of NHS services on your smartphone or tablet. The NHS App can be sourced via Google Play or the Apple App Store. You can register by following the in-App instruction which requires photo ID.

You can use the NHS App to:

- Check symptoms and find out what to do when you need help urgently
- Book and manage appointments at your GP practice
- Order repeat prescriptions
- Securely view your GP medical record
- Register to be an organ donor
- Choose how the NHS uses their data

If you already use the Ventnor Medical Centre's 'Systmonline' you can continue to use it. You can register to use the NHS App as well.

For more information go to 'www.nhs.uk/nhsapp'
